OIL CAKES AND OTHER MANURES—SALE BY MR. V. NARAYANA MENON, AGRICULTURAL INSPECTOR

225. **Mr. C. V. Iyyu** *(Kunnamkulam):* Will Government be pleased to state.—

(*a*) whether the Agricultural Inspector Narayana Menon when he was Inspector, Mukundapuram, sold any quantity of oil cakes or other manures to Mr. Uppath Bhaskara Menon of Irinjalakuda;

(*b*) if so, the dates on which these were sold;

LIBRARY ARCHIVES Kerala Legislative Assembly

(*c*) the quantity sold each time;
(*d*) the value realised on each occasion;
(*e*) the total quantity sold to the Plywood Factory;
(*f*) the approximate price realised by Mr. Bhaskara Menon for the whole quantity?

Mr. T. K. Nayar *(Minister for Rural Development)*:

(*a*) Mr. V. Narayana Menon, Agricultural Inspector, sold 24,000 rathals of Groundnut cake to Mr. Uppath Bhaskara Menon of Chalakkudi and not of Irinjalakuda.
(*b*) 24th Dhanu 1119.
(*c*) 24,000 rathals.
(*d*) Rs. 1,789—1—3.
(*e*) No sale was conducted to the Plywood Factory by the Inspector. Mr. Bhaskara Menon has given a statement that the cake he purchased from the Inspector, was sold by him to the Factory.
(*f*) No information is available.

Mr. C. V. Iyyu *(Kunnamkulam)*: May I know why the Government did not take sufficient information either from Mr. Bhaskara Menon or from the Plywood Factory as to what was the amount at which it was sold to the factory?

Mr. T. K. Nayar *(Minister for Rural Development)*: Because the Government was not at all concerned with that transaction.

Mr. C. V. Iyyu *(Kunnamkulam)*: Was it not their duty to see in the interests of the agriculturists that such sort of mis-use of manure was more seriously dealt with?

Mr. T. K. Nayar *(Minister for Rural Development)*: I do not quite follow where exactly this very serious mis-use is.

Mr. C. V. Iyyu *(Kunnamkulam)*: 24,000 rathals were sold to non-agriculturists and yet the Government did not enquire what was the reason for the sale and what amount was realised by him so that the seriousness of the matter may be gone into?

Mr. T. K. Nayar *(Minister for Rural Development)*: What the Government ought to do, is I think left to the Government in this matter. To come to a decision in this particular matter, we did not think such a detailed enquiry was necessary. Our position is that the Agricultural Inspector who sold this manure to a non-agriculturist was wrong and I explained to this House that the Government took action against that Inspector.

Mr. C. V. Iyyu *(Kunnamkulam)*: May I know whether the Government did not feel that it was undoubtedly a sort of breach of trust practised against the Inspector of Agriculture by Mr. Bhaskara Menon, making him think that it was for purely agricultural purposes?

Mr. T. K. Nayar *(Minister for Rural Development)*: I do not know where this breach of trust arises.

Mr. C. V. Iyuu *(Kunnamkulam)*: If he had known that it was for a non-agriculturist he might not have sold it.

Mr. President: Order, order. The Hon'ble Member's question involves more than one hypothesis.

Mr. C. V. Iyyu *(Kunnamkulam)*: Will the Government be pleased to consult the Law Member of theirs whether this will come under a breach of trust practised against the Inspector of Agriculture?

Mr. President: That is a suggestion to the Government of which, no doubt, notice will be taken.

Mr. A. B. Salem *(Mattancheri)*: May I know whether any amount of ground-nut cakes are not available in the market?

Mr. T. K. Nayar *(Minister for Rural Development)*: I explained that. That is the reason why we did not pursue the matter of the Plywood Factory.

Mr. T. A. Ramachandra Ayyar *(Nellayi)*: But there is the question of concession.

Mr. T. K. Nayar *(Minister for Rural Development)*: No. It was before the introduction of subsidy that this was sold. If it was after the introduction, the matter would have taken a more serious turn.

MASONRY CHIRA—CHERUTHURUTHI PANCHAYAT AREA

226. Mr. C. V. Iyyu *(Kunnamkulam):* Will the Government be pleased to state.—

(a) whether the Panchayat Department have not taken up a scheme to construct a masonry chira in the Cheruthuruthi Panchayat area near the Chelakara Road in a thodu which has been used to be bunded every year by a mud chira;

(b) whether the work is being conducted in the original survey number where it was first decided or on the spot where the mud chira had been usually constructed;

(c) whether there had been mass petitions and personal representations before the Hon'ble Minister for not shifting the old site;

(d) whether the chira is going to be or is being constructed on the old site;

(e) whether the Government has consulted the Chief Engineer or the Irrigation Board or both in view of the serious opposition to the new site;

(f) whether the Government will be responsible for the loss of crops that is likely to occur if the old site is shifted?

Mr. T. K. Nayar *(Minister for Rural Development):*

(a) Yes.

(b) The chira is being constructed 550 feet lower down the canal from the site where the earthen bund used to be put up and the work is nearing completion.

(c) There were petitions against the shifting of the old site.

(d) Please see answer to (b).

(e) No. The work is only a minor irrigation work.

(f) No loss of crops is expected.

Mr. C. V. Iyyu *(Kunnamkulam):* May I know Sir, whether the latter portion of answer to subdivision (*b*) is an answer to any question? I have not put any question about completion.

Mr. President: Order, order. The Hon'ble Member should be grateful to the Government for giving this additional information.

Mr. C. V. Iyyu *(Kunnamkulam):* So the Government do not want me to put any further questions.

Mr. T. K. Nayar *(Minister for Rural Development):* I would welcome any number of questions from the Hon'ble Member.

Mr. P. Kumaran Ezhuthassan *(Vadakkancheri):* But the House will not allow that.

Mr. C. V. Iyyu *(Kunnamkulam):* Seeing that there would be loss of crops, is it not justifiable on the part of the Government to think over the whole matter better?

Mr. T. K. Nayar *(Minister for Rural Development):* For the matter of that, I myself inspected the site after receiving the complaint. The complaint is from one single individual agriculturist. There was a temporary bund put up close to that particular complainant's property. The irrigation water goes to various other plots also. The department wanted to put up a permanent sluice there. They found out a suitable site with rocky foundation 550 feet lower down. They found that the property which was being benefitted by putting up the earthen bund in olden days would also be benefitted if the sluice is put up in this better site and at a lesser cost also and so the sluice was put up there.

Mr. C. V. Iyyu *(Kunnamkulam):* May I know whether the Government is responsible for any loss of crops?

Mr. T. K. Nayar *(Minister for Rural Development):* The Government have absolutely no responsibility. The ryot is responsible. We are not responsible to supply water.

Mr. T. A. Ramachandara Ayyar *(Nellayi):* What is the cost of putting up this new bund?

Mr. T. K. Nayar *(Minister for Rural Development):* Somewhere about Rs. 2,000.
